Restore the Drinking Age to 18

- If 18 is the age to vote and 18 is the age to join the military, then 18 is the age to drink.
- The first three years of citizenship shouldn't be a lesson in hypocrisy and lawbreaking.
- Banning alcohol for young adults makes cocaine and Ecstasy easier to buy than beer.
- The 21 drinking age was not our choice – it was imposed by the Federal government.
