

# Scott Jeffrey

Libertarian for Governor

## Repeal the Cigarette Tax

- The \$3-a-pack tax (city and state) costs the average smoker over \$1000 each year.
- The cigarette tax is similar to the lottery – a regressive tax promoted as “voluntary”.
- Three of every four dollars raised by the tax goes to Albany, draining our economy.
- Taxing addicted smokers won’t save their lives. Treatment must be more affordable.
